## Foodie Facts:

The color orange was named after the fruit, not the other way around. Before then, the English speaking world referred to the orange color as geoluhread, which literally translates to "yellow-red".

## Lunch Room News:

Volunteering for lunch is great way to visit with your kids during the school day and to get a free lunch! Join us to serve lunch and stay for all 4 lunches, and receive your choice of hot lunch or salad bar

In the kitchen we try to be sensitive to food allergies. We are happy to try to accommodate as many requests as possible, however please understand that we can not control the facilities in which some of our food is manufactured. Therefore, if your sensitivity is severe, we suggest packing your own lunch.
